

WSTIMS FOR WINDOWS USERS NEWSLETTER

May 26, 2022

ISSUE 05

VOL. 22

Editor: Jeff Clark

jclarksr94@gmail.com

Programmer: Dave Allen

This newsletter is for you, the user, to inform you of problems that have been sent in from scorers across the nation and the solutions for those problems. We will be sending this out from time to time to keep you informed and assist you in usage of the program. If you have a problem or issue that needs to be addressed, send an email to the editor and we will get your problem addressed immediately and keep all of the users informed of the problems/solutions involved.

Update 7.1.0.13 is Available for Downloading

The updated version 7.1.0.13 is now available for download. This update fixes some bugs that were discovered recently that were driving all of us nuts.

SurePath Judges App Absolutely Has To Run On Standalone Computer

The SurePath Judges App **CANNOT** be run on the same computer that you are running WSTIMS on, it will crash your computer. **IT HAS TO BE RUN ON A STANDALONE COMPUTER!**

Messenger Can Become Unstable

When there are intermittent internet problems (OFF/ON) or other hitches in the giddy up, the Messenger program can become unstable and after several crashes you will just need to disconnect it. When this happens, please enter a short sentence in the **NOTES** box on Slalom and Jump scoring screens noting the problem so it can be researched in the logfile. When you do shut down Messenger just enter the boat times manually as you have in the past. If you just turn off the program, it will continue to run in the background and give you popup messages at times. To stop the program completely, you will have to reboot your computer and operate WSTIMS normally as you have in the past without starting the Messenger program again. Hopefully all of this will be resolved as we move into the heart of the tournament season.

Published Event Reports Are Official

The new published Event Results report that you can post to the website has been enhanced to add the signature of the Chief Scorer per IWWF Rule 13.07. The publishing of this report is an option that the Chief Scorer may use, but is not mandatory.

New Column Added To Registration Window For EMS License

A new column has been added on the Registration window for the EMS license. This box will only be checked for skiers that enter an event as an L or R skier. If the skier didn't enter as L or R then it is not checked and will show as not having a license. You will still need to either update the skier using the Show Member feature (click on the UPDATE button in the panel to update all of the persons membership etc. data) or use the Running Order window to change the skier class to re-check the license.
