This newsletter is for you, the user, to inform you of problems that have been sent in from scorers across the nation and the solutions for those problems. We will be sending this out from time to time to keep you informed and assist you in usage of the program. If you have a problem or issue that needs to be addressed, send an email to the editor and we will get your problem addressed immediately and keep all of the users informed of the problems/solutions involved.

Update 7.1.0.15 is Available for Downloading

The updated version 7.1.0.15 is now available for download. This update fixes some bugs that were discovered recently that were causing problems for the scorers.

Those of us that have been scoring tournaments in Florida have discovered issues with the SurePath Judges Screen and WscMessage Handler that created problems with WSTIMS. There have been a lot of programming updates to all three of these programs and everyone needs to get the latest program updates.

WSTIMS Update Is Automatic when you open the program as usual to install version 7.1.0.15.

WscMessage Handler

Click on your program shortcut icon and the download update panel will open and the program will update automatically.

SurePath Judges Screen Update

On the USA-WSWS website site select Menu >Resources > For Officials >American Water Ski >Technical Controllers >Sure-Path Judges Screens >Slalom Judges Screen in the second paragraph > click on the (version 2.71) >“can be downloaded here” link and follow prompts.

Thanks, and sorry for the inconvenience, Dave & Jeff
