

WSTIMS For Windows
Fix List

Status	Priority	Program Version	Component	Issue	Notes
Closed	H		Jump Entry	Do not allow the tournament pack+E118	Unable to duplicate the issue. I'm hoping that I already fixed the issue.
Closed	M	7.1.0.12	Tournament List	When attempting to add new tournament the setup dialog is causing an exception when cancelling from the dialog	Found and corrected error. This was also making it difficult to create dummy or test tournaments.
Closed	H	7.1.0.12	Overall Summary	When using 1000 point overall method with AWSA rules the top score is being based on high score in division and not highest score of overall skiers.	Found issue with 1K point calculation when using AWSA rules.
Closed	H	7.1.0.12	Safety Directory Report	PRN file is empty in tournament package	Report was being inadvertently skipped. Fixed
