

WSTIMS For Windows Fix List

Status	Priority	Program Version	Component	Issue	Notes
Closed	M	5.0.0.4	Officials Work Assignment	Would like a reminder when no official assignments have been made for an event group and round combination.	Adding warning message to Slalom, Trick, and Jump Entry windows. For an E/L/R tournament a warning will be shown when the first skier for an event group and round is being entered and no official assignments have been entered
Closed	H	5.0.0.4	Jump Entry	Getting error on OW on the 52M segment	Missing entry for 54KPH 52M segment. Correct entry that had an invalid code value so missing entry is now included.
Closed	H	5.0.0.4	SlalomEntry	Not recognizing the proper maximum speed for international divisions	Error when searching the CodeValueList
Closed	H	5.0.0.4	AWSA Records	New records	Updated
