

WSTIMS For Windows
Fix List

Status	Priority	Program Version	Component	Issue	Notes
Closed	H	6.0.1.10	Running Order by Round	Support for pick and choose format	One correction made to allow multiple attempts to select skiers without duplication
Closed	H	6.0.1.10	Import OLR - Pick & Choos	If import twice for the Pick & Choose option it is added skiers to the EventRunOrder multiple times and not recognize it is already there.	
Closed	H	6.0.1.10	NOPS	Another update to 2021 NOPS factors	Updated
Closed	L	6.0.1.10	Running Order	Slalom judge form and recap form have old junior age divisions	Removed divisions from forms and replace with lists of speeds and rope lengths
Closed	L	6.0.1.10	Running Order Round	Doesn't sort probably for pick and choose	Fixed sorting issue to use sort parameters from main running order.
Closed	H	6.0.1.10	Running Order	Edit Round as an icon label is unclear what it is used for	Relabeled to "Order by Round"
