

WSTIMS For Windows

Fix List

Status	Priority	Program Version	Component	Issue	Notes
Closed	H	7.0.1.5	Tournament Package	Do not allow the tournament package to be built for an ELR event until the homologation file is included. Need to check with Jerry to see if there is some data I can check to verify there is proper data available.	
Closed	H	7.0.1.5	Slalom Entry	More enhancements to handle BPMD	
Closed	H	7.0.1.5	Jump Entry	More enhancements to handle BPMD	
Closed	M	7.0.1.6	Slalom Entry	Send officials to WaterskiConnect at the start of every skier	
Closed	M	7.0.1.6	Jump Entry	Send officials to WaterskiConnect at the start of every skier	
Closed	M	7.0.1.6	Slalom Entry	Consider options for handling the situation when more than one driver is assigned to a group when WaterskiConnect is active	Added a driver display to slalom entry window as a dropdown to allow for selecting from available drivers
Closed	M	7.0.1.6	Jump Entry	Consider options for handling the situation when more than one driver is assigned to a group when WaterskiConnect is active	Added a driver display to slalom entry window as a dropdown to allow for selecting from available drivers
