Closed	H	7.0.1.8	Master Scorebook	Skier skied as M4 in round 1 and MM in round 2 and 3. Skier is showing 3 M4 scores in the Master Scorebook and 2 scores for MM. This is true in the WSP file as well	Found an issue with some functionality used to pull elite skier scores to age group to be used for overall scores. These scores were being inadvertently part of an overall score even thou the tournament was running sllalom only. Fixed the issue to prevent the scores from being pulled down in
