

WSTIMS For Windows
Fix List

Status	Priority	Program Version	Component	Issue	Notes
Closed	H	7.0.2.2	WaterskiConnect	Add new message for leader board	Added new message that is sent the same time that a pass score is sent.
Closed	M	7.0.2.2	Overall Summary	Overall adjustment factor for some IWWF divisions are not corret	Fixed affected divisions
Closed	H	7.0.2.2	Scorebook	Bug with dragging 2nd round scores forward when a skier hasn't skied in the first round.	Fixed issues that was causing scores to be missed when the first round wasn't skied.
Closed	H	7.0.2.2	Boat Path Report	David, i notice that you are collecting SurePath Times in WSTIMs. I think we should add SurePath Times and Zerooff Times (called in from boat judge) in the JUMP Report so we can evaluate some of the data since we know that we have some differences.	Resequence columns based on Driver committee feedback
Closed	H	7.0.2.2	Boat Path Report	Suggestions from Will Bush. See data in user folder	Resequence columns based on Driver committee feedback
